Petitioner respectfully submits that the public interest would be served by allocating Channel 286C2 to Sanderson, Texas, as that community's first commercial FM service. Sanderson is a Census Designated Place with a population in excess of 800 people. Sanderson has its own school system, its own post office, its own fire department and a number of local churches. The proposed channel 286C2 to Sanderson will provide additional diversity and an outlet for local self-expression to Sanderson residents and therefore is in the public interest.

Should this petition be granted, and Channel 286C2 be allotted to Sanderson, Texas Petitioner will apply for Channel 286C2, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Linda Crawford
